

Coming to campus in the spring?

Keep yourself and your fellow Lions safe:

- 1.** Get up to speed on the many changes in store by completing the mandatory [online return-to-campus training](#).
- 2.** All public health protocols apply. You know the drill: Wear your face covering, practice physical distancing, and respect on-campus signage.
- 3.** [Register with Bergen New Bridge Medical Center](#) to access online scheduling for weekly COVID-19 testing on campus.
- 4.** Feeling fine? You still must complete the daily self-checkup *every day* via the TCNJ Roar app or [online](#).
- 5.** Check in to each indoor campus location you visit by scanning the posted QR codes with the TCNJ Roar app.
- 6.** Familiarize yourself with all other expectations of both the TCNJ community and visitors as outlined on page five of the interim [Campus Health and Safety Policy](#).
